WHY UNITED WAY?

We win by Living United. By forging unlikely partnerships. By finding new solutions to old problems. By mobilizing the best resources. And by inspiring individuals to join the fight against their community's most daunting social crises.

Who are the hand-raisers, the game-changers? They're people who know that at the core of every human being is a desire to do good. Who recognize the power that comes from a shared purpose. Who understand they're always stronger together than they are alone.

It's people like YOU. United Way needs you to join the fight. Because your passion, expertise and resources will help the fight become a win. A win that is not just a short-term contribution, but a lasting, long-term solution.

One person can make a difference. And that person is you. Through a simple act of giving, you can change the lives of those in our community for the better. You are the difference that our community needs. Every time we stand up and take notice, we are given an opportunity to be part of something bigger than ourselves. Thank you for caring. Thank you for making a difference. And thank you for joining our movement of creating positive change in our community.

WHY UNITED WAY WORKS

Hi, I'm Jess. I have always been passionate that kids have a better future. I have been a donor to one agency.

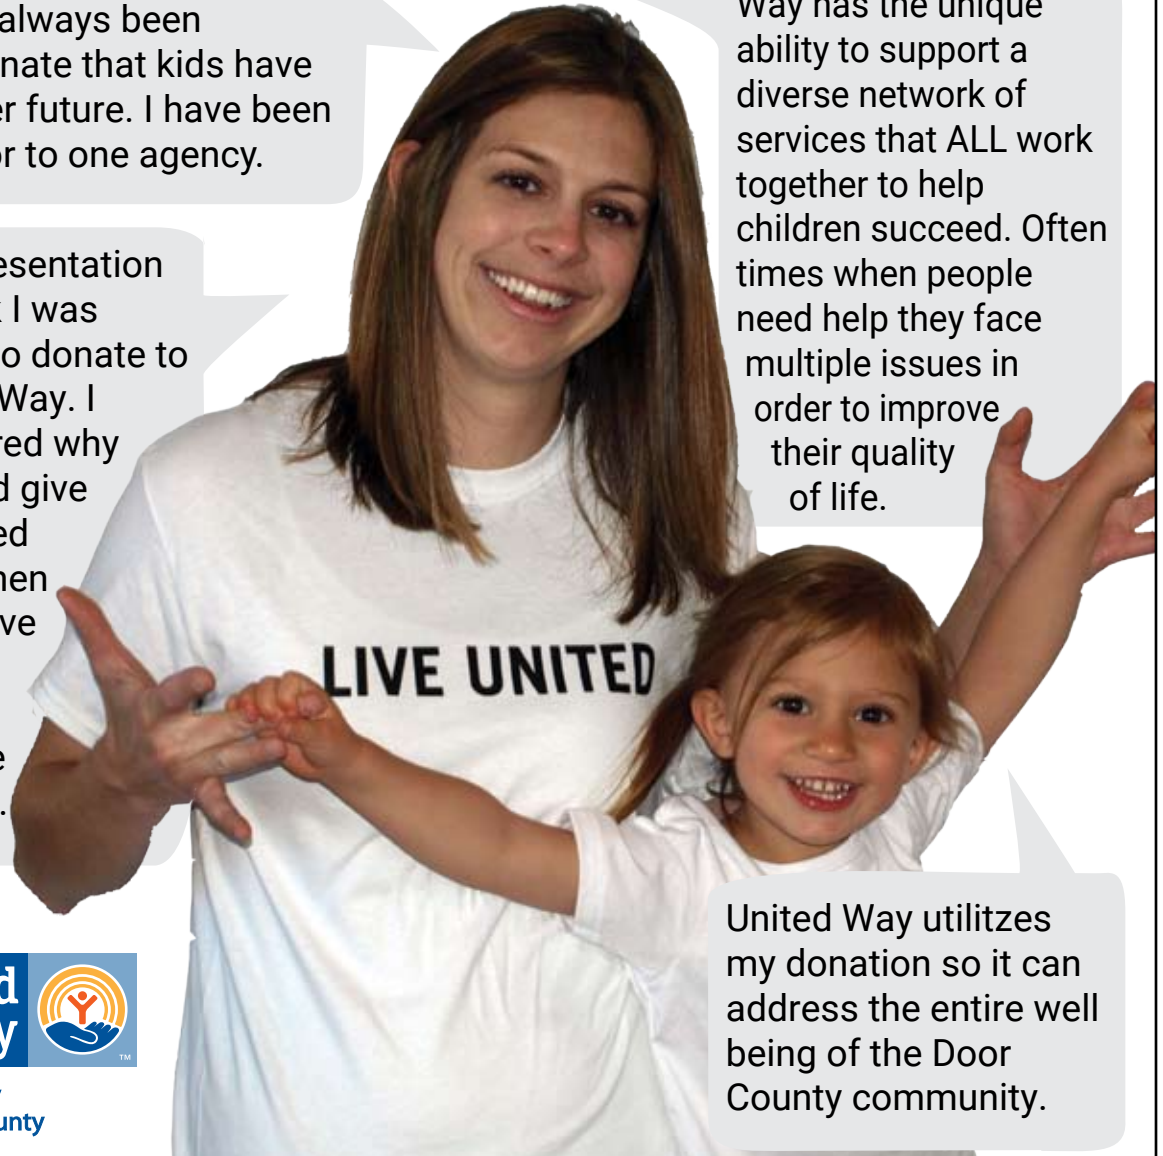

At a presentation at work I was asked to donate to United Way. I wondered why I should give to United Way when I can give directly to my favorite agency.

I discovered United Way has the unique ability to support a diverse network of services that ALL work together to help children succeed. Often times when people need help they face multiple issues in order to improve their quality of life.

United Way utilizes my donation so it can address the entire well being of the Door County community.
