**United Way of Door County Closes out their 2014 Campaign**

United Way of Door County is pleased to announce that the 2014 Annual Fundraising Campaign raised \$481,766.40. This number represents over 9,000 times service will be provided to nearly 7,000 Door County residents who will be empowered by at least one of the human services programs that receive funding from United Way of Door County. The Community Investment Committee and Board of Directors are pleased that they will be able to meet their 2015 minimum financial obligations to their Strategic Partners who work to meet the county's impact goals in the areas of Basic Needs, Community Wellness, Health, and Alcohol and Drug Abuse and Prevention.

Bob Agnew, volunteer President of United Way of Door County, stated "United Way of Door County extends a huge thank you to our friends and neighbors in Door County for helping us raise needed funds to help thousands of people here in our community." Agnew added that, "Without each and every one of you who believe so strongly in this local organization, we could not achieve this level of success in our community."

Agnew emphasized one final thought, "While many needs will be met in 2015, there are still hundreds of others who will need assistance, that will not get the help they need due to limited funding. Remember to LIVE UNITED. You can do this easily if you take a little time to Give, Advocate or Volunteer right here in Door County."
