

**NOW** *more than*  
**EVER**

## Locally Focused.

We're leading the change for better, more equitable, and more resilient communities.

The tough work that is needed to help communities continue to recover is the very work United Way does every day.

- ~ We help feed those facing food insecurity.
- ~ We prepare children for success in school, work, and life.
- ~ We connect those in financial distress with resources to pay bills and stay in their homes.

It is critical that we prepare for, respond to, and ultimately help our communities emerge stronger.

/ About Us

# Locally Focused. Locally Invested.

We help our neighbors, friends and co-workers live their best lives. We develop, support and invest in the most impactful strategies and partners to strengthen education, financial stability and healthy lifestyles – the building blocks of opportunity. Our investments of time and treasure are data-driven and aimed at root causes for longterm, measurable change.

For 60 years, the Door County community has helped power United Way of Door County's ability to help those in need navigate everyday challenges. We think about immediate needs and long term solutions because we know thousands of people across Door County are in need everyday. With your generous support, we will be ready to help struggling individuals and families in Door County.

---

/ Our Focus For Change

We bring the right people together to meet immediate needs and find solutions to long term problems. We do this by investing funds in quality programs that get real results, mobilizing volunteers and lending our voice to important issues affecting people in our community.

### EDUCATION

We're fighting to shift the odds so tomorrow's leaders can build a better foundation today. With an approach to education that spans from cradle to career, we're ensuring every child gets a strong start in life, teenagers have the tools to learn and grow, and young adults thrive in the job market.

### HEALTHY LIFESTYLES

By making it easier for individuals to access nutritious foods, access substance abuse programs, and receive quality health care and mental wellness support, we're fighting to help everyone get - and stay - healthy.

### FINANCIAL STABILITY

We're fighting to put every person, in every community, on a path toward financial empowerment. That starts with access to services, job training, credit counseling, and money management programs.
